

Place, Time, and Landscape

Name: _____ Class: _____ Date: _____

Essential question
Could a Wall Protect an Empire?

1. Locate the places

Point to China on the locator. Circle the westernmost site below. Underline the two sites near Beijing.

Write one location comparison.

2. Put the periods in order

Period	Approximate dates	Write 1, 2, or 3
Qin	221-206 BCE	_____
Han	206 BCE-220 CE	_____
Ming	1368-1644 CE	_____

Circle the period connected to much of the brick-and-stone wall seen near Beijing today: Qin / Han / Ming

Structure and Signaling

Name: _____ Class: _____ Date: _____

3. Match a visible part to a possible job

1 _____

2 _____

3 _____

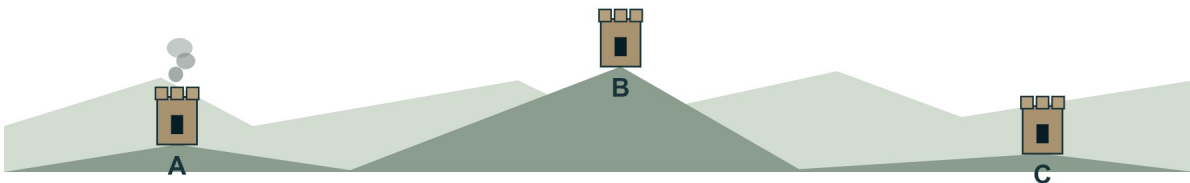

Label 1-3 using: Tower | Battlements | Walkway. Battlements are raised sections and gaps that give guards cover.

Use one photograph detail as evidence for one match.

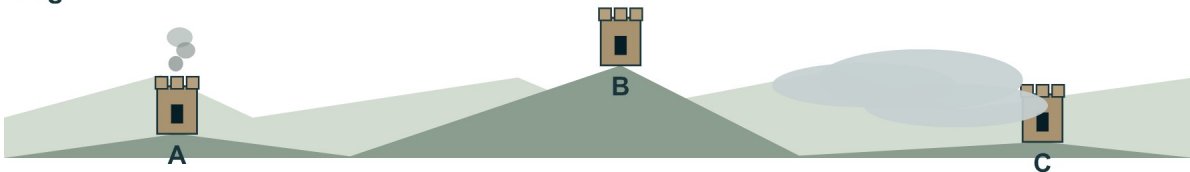

4. Trace the message

Draw arrows from A to B to C in clear weather. In the foggy row, mark where the relay may stop.

Clear air

Fog

What condition helps the signal travel?

How could fog change the result?

Evidence and a Group Decision

Name: _____ Class: _____ Date: _____

5. Follow the supplies

Number the steps from 1 to 4: _____ grain is loaded; _____ carriers and pack animals use the road; _____ food reaches the fort; _____ guards stay at their posts.

Explain how a damaged road could affect guards.

6. Find evidence

Read the two short research notes on your group evidence page. Underline one detail about supplies and circle one detail about crossing or exchange.

Evidence I found	What it may show

7. Record your group's choices

Use the separate Group Evidence and Plan page. Your group chooses two improvements, gives two specific reasons, and names one remaining risk.

My Answer and Exit Check

Name: _____ Class: _____ Date: _____

8. Answer the essential question

Write 4-5 sentences. Make a judgment, use two specific details, explain how they support your judgment, and include one limit.

9. Exit check

1. Look at the projected photograph. Name one visible feature and explain what it could help people do.
2. _____ Put these in order from earliest to latest: Han, Ming, Qin. _____
3. Why could a wall alone not guarantee safety? _____
